OAKAJEE STRATEGIC INDUSTRIAL AREA

A strategic industrial estate supporting the future economic expansion of Western Australia's Mid West region.

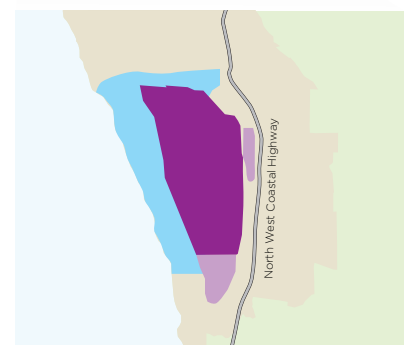

The Oakajee project is planned to create a new multi-user port and associated Strategic Industrial Area (SIA) for strategic and downstream processing industries in Western Australia's Mid West region.

The Oakajee SIA is connected to the future port, key regional infrastructure and local resources such as gas and iron ore.

The Oakajee Port is the Mid West region's next major deep water port. Once fully complete the Oakajee Port will be capable of meeting the bulk export needs of the region.

Land is available in the adjacent Oakajee SIA and will be allocated by the Department of State Development through a lease arrangement with LandCorp.
